

# CSC-525 Project Proposal

Derek Robinson, Mina, Mazyar

*Department of Computer Science*

*University of Victoria*

Victoria, Canada

drobinson@uvic.ca, emails for Mina and Mazyar

## I. MOTIVATION

TODO

## II. OBJECTIVES

Right now we don't really have a concrete project idea. However, we do have some ideas. One of which includes choosing a lncRNA from [1] and performing some analysis on it such as phylogenetics or some other analysis.

## III. METHODS

TODO
